**Activity: 3S Kadets: Community Based Education Session on Growing Resilience
Energy Efficiency and Sustainability:**

Topic: Climate Change, DRR, Energy Efficiency Sustainability

**Venue: Center Meeting in Satellite Offices in City of Quezon, Caloocan, Province
of Rizal, and Bulacan**

Facilitated By: KDCI -Security, Shelter and Safety Program

Kasagana- Ka Security, Shelter and Safety (3S) Kadets

3S Kadets conducting community-based education session, in center meeting, one of the agenda is giving education session with co-members in their centers. The objective of this activity is to raise community awareness and support community action towards adopting climate change adaptation and mitigation practices. By the end of the session, participants will be able to:

- understand what is climate change, current climate change trend in the Philippines, it's impact and effect
- know what is energy efficiency, it's benefits and ways to apply it
understand solid waste management, waste generation, sources and composition and current solid waste management practices and programs.
- Know the different energy efficient technologies and practices, and energy audit and house designs that they can adopt and use

Community Based Education Session on:

ENERGY EFFICIENCY

- Be familiar with the disaster legislation and policies in the Philippines and the different disaster prevention and mitigation measures
- Know the different waste and how to segregate and dispose it and its importance
- Know the different ways to have a zero-waste living
- Learn about urban agriculture production and strategies
Know the different social enterprises in the Philippines

3S Program provide community-based education session materials and hand-outs to its 3S Kadets and to their respective centers.

Total number of Members attended in community-based education: 1,017 members
